Sub: Qualification of Erico Cadweld Mechanical Splicing system

Dear Sir,

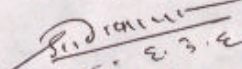

This refers to your letter No. SIL/NPCH/DB/388-V/7897 dt. 18/02/06 on the subject mentioned above and pre-qualification report submitted by you, after the testing of ERICO Cadweld System.

The ERICO Cadweld System for splicing of Rebars has been tested and from test reports it can be seen that it meets all the requirements of ASME Section III, Division 2.

In view of above, the ERICO Cadweld System can be considered technically qualified and acceptable for its use in NPCIL projects. However, all the quality control norms specified in ASME Section III Division 2 shall be followed during production and application.

Thanking you,

Yours faithfully,

(S.G. Bapat)

Chief Engineer (Civil-Designs)
